**N O T I C E !**

Due to shot falling on adjoining property, all SHOTGUNS are to be fired into the backstop only. No clay pigeons, cans, plastic bottles, or any other objects are to be thrown into the air and fired at. This includes hand throwers and portable Traps. ( Trap League excluded )

This has already cost our insurance \$4,500.00 and they have informed us that they may not cover future incidents. This could easily threaten the continued existence of the club.

All Members should be on the look out for violations of this rule.
