

Murrysville Sportsmen Trap Shoot

Hi everybody!

Now that the weather has finally broken, the trap range has come to life and is open for business. Initially I want to try to have an open shoot every month or so. If there is good demand and turnout, we can add other shooting days. Please pass this along to anyone who may be interested.

Details:

- When: Sunday, May 26, 10 AM till 2 PM (or later if people want to keep shooting!)
- I know this is the day before Memorial Day and some people might be travelling.
- Where: Murrysville District Sportsman Assoc, 3751 Gun Club Road
- If you are unfamiliar with the club layout, please use the attached map to find your way to the Blue Star. Please keep the main drive (red line) open for passing traffic, park anywhere else you can find.
- Who: Anyone! This shoot will be open to the public, but we highly encourage you to join our club. Membership is only \$50 per year and we need the continued support to make upgrades to our club.

Shooting Information:

- This is a fun shoot, not a competition!
- Beginner, expert, men, women, young, or not so young shooters are all welcome!
- I can offer minor coaching if requested.
- A couple of guns will be available to use and 12 gauge shells are available for sale.
- Each round of trap is 25 targets.
- Cost: Members \$6 per round, Non-members \$8 per round
- Shells: \$7 per box, or you can bring your own (if you borrow a gun to use, you must purchase shells from the club)

Please note: Due to the proximity of neighbors to the club, we cannot have unauthorized trap shooting. Only targets thrown from the trap houses may be used for target practice.

Feel free to reach out with any ideas or questions.
